(1) Euronext Markets France, Belgium, Netherlands. Contact us about charges related to other markets. (2) ISIN stocks quoted on the Euronext Markets(1). (3) The French financial transactions tax (Taxe sur les Acquisitions de Titres - TAT) is charged on each purchase of an equity instrument or similar (admitted to trading on a French or foreign regulated market) issued by a French company with a market capitalisation of more than €1 billion at 1 December of the year preceding the tax year. You are liable for this tax when purchasing these securities, whether directly or under an 'HSBC Actions France' mandate. (4) Before investing in an OPC under French or foreign law, you must carefully review the French version of the Key Investor Information Document (KIID) or its prospectus. Regulatory documents are available at HSBC branches or www.hsbc.fr/selecteur-opcvm. Before making any investment decision, you must ensure that the media considered match your financial situation, your investment objectives, your risk tolerance and the regulations to which you are subject (and particularly local legislation that may be applicable to you). Investments subject to market fluctuations may vary downward as well as upward and carry a risk of capital loss.
